MCCLELLANLAW.COM

When it comes to legal vision, Craig McClellan's is 20/20. He not only sees the present, but his cases foresee the future. His lawsuits against Honda for the dangers of its 3-wheel All-Terrain Vehicle were instrumental to the government in banning those vehicles. His cases against automobile manufacturers led to the government requiring lap and shoulder belts in automobile rear seats. His cases against Porsche exposed the dangers of some of its exotic vehicles.

Craig specializes in representing individuals and families who have suffered catastrophic injuries or death as well as businesses and investors in high stakes litigation. He has obtained 114 verdicts and settlements in excess of \$1 million each, far more than any other San Diego lawyer. Voted one of the Top 10 lawyers in San Diego for 2017 by his peers according to Super Lawyers Magazine, Craig is the only San Diego lawyer selected to the Inner Circle of Advocates, an elite group of the top 100 plaintiffs' lawyers in the country. Clearly, he pursues his vision of excellence in everything he does.
